Dear Sir,

I heard you on Jack McKinney's program on WCAU in Philadelphia. I was much impressed by your knowledge of the subject and the research you put in on the Kennedy tragedy. You make it easy on lazy people like me who want to read about it, but do not want to put the effort into the work you must have done.

Enclosed is a money order. Since Jack signed you off in a hurry, I concentrated more on your name & address than anything else, and if the money order is insufficient, please let me know the difference.

I remain

Sincerely
Glen Myers
